

SCHREIBER®

Job Posting Title **IRC12341**

Job Title **Team Advisor Quality Assurance**

Location **Mount Vernon, MO**

Company Overview

Are you looking for a career with exciting opportunities, diverse challenges, great people to work with and a chance to make a difference? If so, Schreiber Foods may be the perfect fit for you.

We're the world's largest supplier of customer-brand dairy products. If you've had a burger, sandwich, salad or anything else with cheese on it at a restaurant lately, there's a good chance it was Schreiber cheese.

If you join our team, we'll provide you with the opportunity to:

- **Be a valued leader.** As a leader in our world-class organization, you'll help keep things running smoothly. You'll have people valuing your opinions and decisions.
- **Make an impact.** You'll initiate new ideas, solve problems and build relationships. The decisions you make will drive improvements and grow our \$3.5+ billion company.
- **Enjoy rewards.** When you meet your individual, team and/or company goals, you can earn a quarterly incentive. That could be extra cash in your pocket every 90 days.

Brief Posting Description

In this role you will Serve as a go-to plant food safety and quality champion. Maintain and enhance compliance to plant SQF Food Safety and Quality systems requirements through hands-on monitoring, verification, gap identification and development of solutions. Assist sanitarians to assure effective implementation of sanitation related requirements and monitor compliance. Support lab and other Quality Assurance evaluation and monitoring processes to meet internal and customer requirements. Provide training in food safety, quality and sanitation related processes.

Detailed Description

Duties of the role include:

- Monitor and support leaders, coordinators and partners to assure compliance with SQF, Food Safety and Quality systems requirements
- Ensure reaction plans are appropriate and adhered to
- Perform audits, identify gaps and aid in their resolution
- Train and coach leaders and partners regarding systems requirements
- Assist in the administration and monitoring of sanitation processes
- Assure compliance through hands-on monitoring, inspection, swabbing and coaching
- Educate leaders and partners in food safety and quality principles and expectations
- Administer formal training sessions as well as provide partners with more immediate "teaching moment" feedback
- Actively participate as a member of the plant leadership team to assure cross-functional issues are resolved and to assure that company and customer needs are addressed
- Perform and administer support to lab, inspection, product evaluation complaint resolution and traceability/mock recall processes
- Provide back-up support to Quality Assurance Team Leader
- Together with other members of the leadership team, ensures compliance with Food Safety and Food Quality Plans in addition to customer requirements. Interprets and communicates customer requirements to plant production and/or support department teams. Establishes and Audits PCPs, CCPs and Standard Operating Procedures to define and monitor processes to ensure customer requirements are met. Reviews incidents during which the procedures are not met, and determines appropriate corrective action for partners failing to follow standard procedures.

Job Requirements

We're looking for leaders who thrive in fast-paced environments. The successful candidate will have:

- A Bachelor's degree in Food Science, Dairy Science, or related field
- 0-5 years of experience in a related field
- Demonstrated leadership in a team environment

- Excellent interpersonal and problem solving skills
- Exposure to food processing and quality disciplines preferred
- Desire to grow and take on new challenges and opportunities

Additional Details

Exciting opportunities. New challenges every day. A chance to make a difference -- *and* work with great people. That's life at Schreiber Foods.

Take the next step in your career by applying your knowledge and skills at Schreiber... where you'll experience more opportunities, more rewards, more teamwork... much more.
